- Continuous improvement of energy management: performance, efficiency, security, use and consumption

A.I.S.E.-Charter:

- Safe and sustainable manufacturing of cleaning products

DIN ISO 9001:

- Continuous improvement of management processes and customer satisfaction
- Established quality management system in product development and production

makes the difference

SANET zitrotan F

green-Effective® Sanitary cleaner

- High performance ■ Natural power of lemon ■ Perfume & dye free

Product profile

- SANET zitrotan F is an acid sanitary maintenance cleaner, which contains no colour or perfume. Respecting biological cycles, it cares for people's health and cleaning staff's safety.
- Meanwhile enhancing the work safety, SANET zitrotan F shows outstanding cleaning performance in low use concentrations and effectively removes lime scale, lime soap, water stains and dirt using the natural acid of lemons.
- Due to its viscous formulation, SANET zitrotan F enhances strong adhesion and increased contact time on surfaces providing exceptional cleaning results, leaving surfaces free of streaks and clouding.
- Majorly composed of renewable resources and by the complete waiving of perfume and dye, SANET zitrotan F takes on the responsibility for future generations.

Area of application

- SANET zitrotan F is suitable for the use on all acid-resistant surfaces in the sanitary area.
- Do not use on marble or other acid sensitive materials.

Product safety, storage and environmental instructions

Safety: For professional use only. Keep away from children. Do not mix with other products. Test material compatibility before use. For further information, see Safety Data Sheet.

Storage: Store at room temperature in the original container.

Environmental: Only give completely emptied packaging in the recommended waste container. Proper dosing saves costs and minimises environmental impact.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

Maintenance cleaning: Wipe the surface wet or damp with a clean cloth.

Manual floor cleaning: Mop the floor with a clean mop.

Descaling, persistent soiling, toilet cleaning: Use undiluted. Leave the solution for a few minutes. Rinse thoroughly with clear water.
