DIN ISO 9001:

- Continuous improvement of management processes and customer satisfaction
- Established quality management system in product development and production

Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Active water stewardship maintaining an own fresh and waste water treatment

Ingredient declaration

For the ingredients list, please see the Safety Data Sheet

Traditional German quality - driving your durable business development

- More than 30 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

TANET dayKliks

Z green-Effective[®] High-concentrated floor and surface cleaner

■ Economical ■ High wetting properties ■ Safe application

Product profile

- Includes innovative formulation with exclusive surfactant backbone with exceptional wetting, dispersing and cleaning properties.
- Maintenance cleaner with high wetting properties and perfect cleaning results for floors, surfaces and glass.
- TANET dayKLIKS ensures easy and efficient removal of dirt and grease from different kinds of floorings such as porous stone floors or hydrophobic PUR surfaces. It leaves a refreshing scent of grapefruit when in use.
- Thanks to its fast action characteristics long lasting results are ensured with a minimum of effort needed.
- The product is easy to use, safe, cost and space saving thanks to its concentrated formulation and dosing concept.

Area of application

- TANET dayKLIKS is ideally suitable for use on all water-resistant floors (e.g. stone, rubber, linoleum, PVC, PUR etc.) and especially for floorings with acrylic floor polishes, and for all washable surfaces (e.g. plastic, glass, ceramics, metal and varnish).
- To be used in combination with a dosing system to ensure a safe and accurate usage.

Product safety, storage and environmental instructions

Safety: For professional use only. Test material compatibility before use. For further information, see Safety Data Sheet.

 $\textbf{Storage:} \ \textbf{Store at room temperature in the original container.}$

Environmental: For maximum effectiveness always use the correct dosage. This will minimize water consumption and reduce water pollution.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

To be used with dosing

system.

/I – 6 mI/I

Manual floor cleaning: Mop the floor wet or damp with a clean mop.

Surface cleaning: Wipe the surface wet or damp with a clean cloth.

m/L

Spray application:Spray onto a clean cloth and wipe the surface.

Open floor surfaces: Can be applied in auto-scrubbers.
