

TAWIP innomat F

Auto Scrubber Cleaner

- High performance ■ Anti-static ■ Slip resistant

Product profile

- Developed for the use in auto-scrubbers, TAWIP innomat F removes persistent soiling like oil, grease and fat and can thus especially be used in food areas e.g. in supermarkets.
- Due to the excellent dispersing and soil suspending properties, the product is economical and needs a low use of concentration and is at the same time fast and easy in application, while cleaning thoroughly.
- The care components protect the floor from leaching, ease the cleaning, attain an anti-static effect and leave a dirt-repellent and non-slip care film.
- With its low foaming qualities and special formula, TAWIP innomat F is perfectly suitable for the direct dosing via TANA TURBO-DOS without interruption of the filling process.
- TAWIP innomat F meets the DIN 18032-2 requirements.

Area of application

- TAWIP innomat F is excellent for the machine maintenance cleaning of all waterproof floorings like PVC, linoleum, rubber, stone as well as sealed, waxed and oiled wood.
- Furthermore, TAWIP innomat F is the perfect detergent for the maintenance cleaning of walk ways on airport, underground stations, malls, multi-purpose halls, supermarkets, shopping malls, DIY stores or gymnasiums.

Ingredient declaration

For the ingredients list, please see the Safety Data Sheet

Sustainable development and production
