Specific ingredients: water, alcohol, glycol ether, food colours (E102, E131)

Traditional German quality - driving your durable business development

- More than 25 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

makes the difference

TAWIP vioclean C

green-Effective® Highly Concentrated Floor Cleaner & Care

■ Natural soap basis ■ Slip resistant - DIN 18032-2 ■ Cost efficient

Product profile

- TAWIP vioclean C is a floor cleaner with extra care effect and exceptional environmental properties. TAWIP vioclean C respects biological cycles and takes on responsibilities for future generations.
- High concentrate, assures perfect cleaning results at low usage concentration in a special dosing bottle.
- The natural coconut fat soap in the formula protects the floor from leaching effects.
- Leaves a protective film with antistatic effects, reducing the danger of slipping in compliance with DIN 18032-2.

Area of application

- TAWIP vioclean C is suitable for mechanical and manual maintenance cleaning of all water-resistant floors such as e.g. PVC, linoleum, rubber, stone and sealed, oiled or waxed wood as well as epoxy resin floors.
- Do not use on unsealed wooden flooring.
- TAWIP vioclean C is the ideal cleaner for large areas, e.g. airports, underground railway stations, retail stores, supermarkets, shopping malls or DIY stores.

Product safety, storage and environmental instructions

Safety: For professional use only. Keep away from children. Do not mix with other products. Test material compatibility before use. For further information, see Safety Data Sheet.

Storage: Store at room temperature in the original container. Keep from freezing.

Environmental: Only give completely emptied packaging in the recommended waste container. Proper dosing saves costs and minimises environmental impact.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

1 - 3 mL/L

Manual floor cleaning: mop the floor wet or damp with a clean mop.

can be applied in auto-scrubbers.

Spray cleaning: spray thinly and evenly on the floor, treat with a single disk machine.

Initial care: with soil-release-effect: wetwipe the uncoated floor. Polish after drying.
